POLICIES

Payment:

Know that your copay and/or patient self-pay balance is due at the time of service. As a courtesy to our patients, we will gladly file the forms necessary so that you receive the full benefit of your medical insurance coverage. We ask that you read and understand your insurance policy to be aware of coverage benefits and limitations. If you are concerned about coverage for any of our services, please contact your insurance company prior to your visit. Remember that your coverage is a contract between you and your insurance company and/or your employer and your insurance company. Although we will make a good faith effort to assist you in obtaining your benefits, we cannot force your insurance company to pay for the services we have provided to you. Ultimately, you are responsible for knowing and understanding your coverage. It is your responsibility to provide current or updated insurance information to our office at the time of service. Any balance left after insurance benefits have been paid is the responsibility of the patient, I.E., copay, co-insurance, and/or deductible.

Consent for Medical Treatment and Minor Procedures:

I understand that:

- During the course of my visit, my provider may recommend that a procedure be performed. Such procedures are not limited to but include: liquid nitrogen destruction (freezing), biopsies, shave removals, excisions, incision and drainage, scissor snip excision, curettage (scraping), electrodessication (use of cautery/heat), and steroid injections.
- The risks, benefits, and alternatives to these procedures will be explained to me at the time of my visit, prior to my provider performing the procedure(s).
- I will be allowed to ask any questions that I have.
- Any and all procedures are optional. I may choose to decline a procedure for any reason.
- There is no guarantee of results; as medicine is not an exact science.
- Some procedures may need to be performed more than once to achieve optimal results.
- Procedures may incur additional charges and I will be responsible for payment.
- If a procedure is deemed cosmetic, and therefore not covered by my insurance, I will be responsible for payment.
- For more invasive procedures and certain cosmetic procedures, a separate consent may be required.
- If I have a biopsy done, the specimen will be sent out of the office for pathologic evaluation and I will be billed for any amount not covered by my insurance.
